## **Genuine Student Requirement (GS)**

The Government has replaced the Genuine Temporary Entrant (GTE) requirement for student visas with a Genuine Student (GS) requirement.

All applicants for a student visa must be a genuine applicant for entry. They must stay as a student and be able to show an understanding that studying in Australia is the primary reason of their student visa. The GS requirement is intended to include students who, after studying in Australia, develop skills Australia needs and who then go on to apply for permanent residence.

To be granted a student visa, all applicants must demonstrate they satisfy the genuine student criterion or the genuine student dependent criterion.

The Department of Home Affairs (DHA) will ask the applicant the following questions in the online student visa application form to address the GS criteria.

**Answers must be written in English, with a maximum of 150 words per question.** There is an additional question for those applicants who have previously held a student visa or those who are lodging an application in Australia from a non-student visa.

Along with the responses included in the application form, the applicant must attach supporting documents to their ImmiAccount.

Generic statements unsupported by evidence are not given significant weight in the GS assessment. This means it is important to provide evidence to support a claim made by the applicant.

DHA considers an applicant's overall personal circumstances when assessing whether they are a genuine student.
